

Hi from Daytrippers Children's Charity!

We're excited to share that Daytrippers is now in Quebec! Our program helps cover the cost of school trips for students in grades 1–8 from lower-income and remote areas, so your class can experience museums, galleries, cultural sites, and more – without finances being a barrier. We know how powerful hands-on, experiential learning can be in sparking curiosity and building confidence, and we want every child to have that opportunity. With Daytrippers support, your students can take part in trips that create lasting memories and meaningful learning experiences.

OUR MISSION:

Daytrippers funds school trips for children in need across Canada, so every student can experience learning beyond the classroom. From museums to conservation areas, we help teachers open doors to hands-on experiences that spark curiosity, build confidence, and create lasting memories.

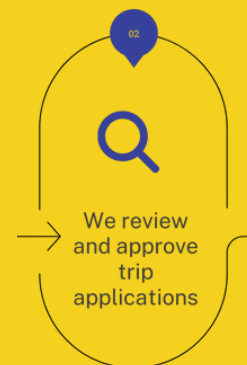

HOW TO APPLY:

Visit our application portal at www.daytrippers.ca to apply or email us at contact@daytrippers.ca with any questions.

Here's how our trip funding process works based on our criteria and timelines:
